

Virginia Bicycling Federation

Bicycling Friendly Recognition Award - Decal Order Form

The Virginia Bicycling Federation (VBF) is the statewide alliance of bicyclists working together to improve bicycling conditions on city streets, rural roads, and off-road trails through advocacy, information, and education.

VBF's Bicycling-Friendly recognition award is a highly visible blue-on-yellow 5" x 5" decal available for distribution by VBF members, including bike clubs, bike shops, and individuals. VBF members are encouraged to identify bicycling-friendly establishments in their community and to present the decal for display by the recipient.

In addition to the decal, download the Bicycling Friendly certificate template from www.vabike.org, fill in the information and frame the certificate for presentation to the recipient. Then schedule an event (such as a club ride) during which the decal and certificate will be presented. Take photographs of the award presentation, write a story of the event for club newsletters and websites, and/or submit the story about the recipient and the award as a news release to a local newspaper. Please also send your write-up and photographs to VBF.

Please provide VBF with information about the recipient and why the award was given, so the recipient can be recognized on the VBF website www.vabike.org.

For additional information, contact Barbara Duerk at (540)343-1616 or barbgary@cox.net
